Upgrade your bathroom and lifestyle - experience a feeling of being really clean.

State of the art electronic toilet seat can be fitted on almost all type of toilets.

Wash & Dry

Wash & Dry

FACT: 100,000,000 rolls of toilet paper are used every day worldwide resulting in millions of trees being cut and wastage of billions of gallons of water.

Water is nature's way of cleaning.

Most of Japan's household toilets are fitted with Bidet / Toilet seats.

Benefits:

- Reduce toilet paper use by 50 to 100% and save money year after year. You may be able to recover cost of Advanced Toilet Bidet Seat in just one year and could enjoy savings for years to come.
- Helps in alleviating discomfort associated with constipation
- Provides soothing and comfort to mothers after natural child birth
- Provides comfort in hemorrhoids or after colorectal or anal surgery.
- Provides a fast and effective way for seniors to stay clean.
- The soothing warm and gentle cleansing of the feminine wash rinses the area clean, removes any odor and helps to make that little uncomfortable time of the month a little more pleasant.

Fact: 54 million trees are cut each year for US toilet paper production alone.

Fact: Each roll produced uses:

- 1.5 pounds of wood
- 17 gallons of water
- 1.3 KWH of electricity
- Harmful chlorine, sulfur, and calcium carbonate

Contribute in saving the environment by adopting to use water in place of toilet papers.

Everyday Luxury – Provides you extra degree of hygiene and comfort – works for whole family

Washing yourself is more important for every day hygiene than merely washing hands.
